

My Choices

With your last selection, the choices that you have indicated are as follows (marked by an “X”):

1. Do you ask them for it or do tell them you need it?

 X Ask or Asking

 Tell or Telling

2. And, what level of animation do you display?

 X Controlled

 Animated or Emoting

3. You prefer working with:

 People and things with the more fellow workers around, the better

 X Thoughts and Ideas and fewer or no fellow workers around so as to avoid extra stress

4. When you are with a small group receiving instruction on a topic, you generally want to:

 Hold your questions to the end.

 X Interrupt with questions or ideas.

These choices indicate that you are an Analytical and, specifically, a Analytical Analytical who is very asking and very controlled and driven by thoughts and ideas easily mindful of relationships between ideas and concepts. Approximately 1.5% of the population share this type with 1.1% being males and 0.4% being females.

Within the MBTI® program, your letters are INTP.
